

IMPACT OF COVID-19 ON ND HOUSEHOLDS

The U.S. Census Bureau Household Pulse Survey

BASED ON RESPONSES COLLECTED AUGUST 19–31, 2020

21.2%

Loss of Income

of adults expect someone in their household to experience a loss in employment income in the next 4 weeks.

Telework

32.3%

of adults live in households where at least one adult substituted some or all in-person work for telework because of the pandemic.

1.8%

Housing Insecurity

of adults are either not current on their rent or mortgage payment, or have slight or no confidence in making their next payment on time.

Eviction/Foreclosure

20.1%

of adults living in households not current on rent or mortgage, report that eviction or foreclosure in the next two months is either somewhat likely or very likely.

7.2%

Food Insecurity

of adults live in households where there was either sometimes or often not enough to eat in the previous 7 days.

Difficulty Paying for Expenses

25.4%

of adults live in households where it has been somewhat or very difficult to pay for usual household expenses during the pandemic.

Change in Education Plans

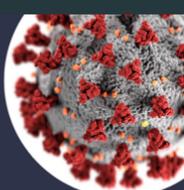

84.5%

of adults live households where at least one adult was planning on taking post-secondary classes this fall, but those plans have either been canceled or changed in some significant way.
